 (practice site)

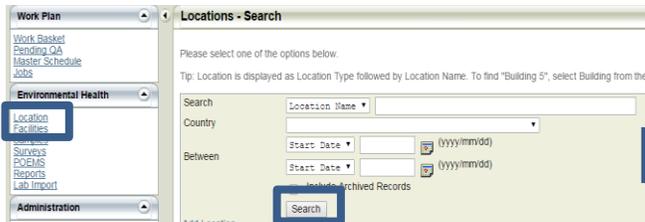

These are separate applications. Practice in Demo; add live data to Production.

**Program Offices (PO):** This is the *data address*.

ESEOs and 68 Sierra's will most likely always use an (EH) PO unless they are deployed.

**Locations:** an (EH) PO will have few Installations within its AOR. When Deployed (PO = DoD Deployment Surveillance) there will be hundreds of Base Camps across the world.

**Facilities: a location (e.g. an Installation) usually has multiple Facilities.**

**Facilities**

To view Facility details, click the Facility Name link.

Location Name: Installation KR, Camp Red Cloud, KS599

Facility Name	Facility Type	Parent Location
Bldg 109, Commanding General Mess	Food Facility	Installation KR, Camp Red Cloud, KS599
Bldg 120, American Eatery, Golf Course	Food Facility	Installation KR, Camp Red Cloud, KS599

Note 3: This construct only pertains to use of DOEHRs-IH EHM for those working in a PM Team at Medical Treatment Facility.

**Roles (Permissions)**

Roles are very important in DOEHRs. Those using an (EH) PO should only apply for the following:

Environmental Health Permissions ?	<input type="checkbox"/> Export IH Lab Data <input checked="" type="checkbox"/> Create/edit EH samples; View EH surveys; Import EH lab data <input checked="" type="checkbox"/> Create/edit Water surveys <input checked="" type="checkbox"/> Create/edit Wa <input checked="" type="checkbox"/> Create/edit OE <input checked="" type="checkbox"/> Create/edit Ent <input checked="" type="checkbox"/> Create/edit Food Sanitation surveys <input checked="" type="checkbox"/> Create/edit General Sanitation surveys <input checked="" type="checkbox"/> Create / edit personnel associations (Locations and Exposure Pathways) <input type="checkbox"/> Import EH lab data without full EH access (for Lab Personnel) <input type="checkbox"/> QA EH samples <input type="checkbox"/> QA Water surveys <input type="checkbox"/> QA Food Sanitation surveys
Food Protection Permissions ?	<input type="checkbox"/> View Food Protection Information <input type="checkbox"/> Create/edit Food Sanitation surveys <input type="checkbox"/> Create/edit Installation Food Vulnerability Assessment (IFVA) surveys <input type="checkbox"/> Create/edit Non-Approved Sources <input type="checkbox"/> Create/edit PV Destination Audit reports <input type="checkbox"/> Create/edit PV Destination Audit Summary Reports <input type="checkbox"/> Create/edit Food Protection samples <input type="checkbox"/> QA Food Sanitation surveys <input type="checkbox"/> QA IFVA Surveys <input type="checkbox"/> QA PV Destination Audit reports <input type="checkbox"/> QA Food Protection samples
Facilities Permissions ?	<p>Note: You must request at least the following permissions to be able to create/edit facilities: Create/edit Facilities</p> <input checked="" type="checkbox"/> Create/edit Facilities <input type="checkbox"/> Create/edit Incident Reports <input type="checkbox"/> QA Incident Reports

Program Office Permissions ?	<input type="checkbox"/> Ma <input type="checkbox"/> Ma <input type="checkbox"/> Ad <input checked="" type="checkbox"/> Administer local Program Office users (USA role) <input type="checkbox"/> Administer mobile device security for a site (Site System Administrator)
System Administration Permissions ?	<input checked="" type="checkbox"/> Administer local Program Office users (USA role) <input type="checkbox"/> Administer mobile device security for a site (Site System Administrator)
Justification for Access* (Must Be At Least 30 Characters Long)	

-The typical user will have all the EH Permissions.  
-Supervisors will have the corresponding QA role.

-Specific users will have the Facility role. Typically this is the NCOIC and above.

-Only Supervisors will have the USA role, which governs account access and removal.

### **Strange requests?**

People will make mistakes with DOEHRs. Call it human nature. Commonly, for those with a USA role (i.e. account approvers), you may see requests for people you do not know. **Here is the simple rule: If they do not work with you, or are not on your team, do not approve the account.** You should know who your people are! *Rationale: There are POs for the Veterinary Services Food Inspectors and they may apply accidentally. Those deploying often select their home base and not the “DoD Deployment Surveillance” PO. There are other reasons too, but simply – if they are not on your team – do not approve.*
